✕	ADVANCED REPORTING	✕	DATA CONNECT
✕	BIOMETRIC CAPTURE BUTTON	✓	INTERCOM SDK
✕	BUILT-IN SUPPORT	✕	VIDEO SDK
✕	DATABASE VIEWS	✕	XML OPEN INTEGRATION*

* MAY ALSO REQUIRE DATA CONNECT IF USING SYMMETRY PROFESSIONAL

INTEGRATION OVERVIEW

The 2N plugin for Symmetry enables 2N IP intercoms to be added to Symmetry Access Control.

SUPPORTED FEATURES

2N intercoms can be added and used from within the Symmetry interface. This includes the ability to manage incoming call requests and make calls to 2N intercoms from the Symmetry intercom screen or the Symmetry graphics screen.

The 2N IP Style intercom supports a built-in ONVIF compatible camera which can be added to Symmetry and used in the virtual matrix to view live video from the intercom.

FEATURE LIST

✓	SHOW CALL STATIONS ON SYMMETRY GRAPHICS
✓	LAN COMMUNICATIONS
✓	MULTIPLE INTERCOM UNIT SUPPORT
✕	SERIAL COMMUNICATIONS

KNOWN ISSUES

- When calls to an intercom are terminated using the Symmetry graphics screen the call remains active. Calls need to be closed from the Symmetry intercom screen.

MODELS TESTED BY AMAG

The models listed below have been tested by AMAG for this certification. Other models may be supported by the integration but have not been tested by AMAG.

2N IP Style

2N IP PHONE D7A
